

AGRA-UDAIPUR-JAIPUR TOUR

REPORT

Department of chemistry organized educational tour for Agra, Udaipur, Jaipur from **26th January 2020 to 3rd February 2020** specially for B.Sc. final year students. Necessary railway reservations were done well in advance by the students themselves. **20 students** and 3 faculties of the college participated in the tour. Students were divided into 5 groups to share the responsibility of food, travelling, stay, security etc. that they can understand the responsibilities.

The tour is intended to make the student familiar with the facet of our country. India is a land of diversity and has different culture, style of living. A close look to culture, tradition, language and lifestyle of local inhabitants in various part of country is beneficial.

The tour would benefit the students to analyse and understand multifaced life and culture of the people of Rajasthan.

It was a exciting journey from Ballarpur to Agra by train, the train arrived at Agra on 27th February 2020. Panchmal of Fatehpur shikari and Bullan Darvaja a door of vectory built by Mughal Emperor Akbar was visited on the same day which is just 50km away from the Agra.

Very next day on 20th February 2020 historical monuments in Agra the city of emperor in the home to legendary Taj Mahal. Taj Mahal enjoy the top places among the seven wonders of the world. The architecture of Taj Mahal made up of white marbles and interior with semi-precious gemstones is a live example of the perfection of work of the craftsmen's of that time.

After lunch Agra Fort UNESCO world Heritage was visited, it was a main residence of emperor of Mughal Dynasty.

After a whole night journey from Agra to Udaipur, we arrived at the Udaipur early in the morning. Udaipur visit was planned for 2 days. Udaipur the well know city of Rajasthan also know as a city of lake. Udaipur city palace is one of the Architectural models of Rajasthan located on the band of lake Pichola. The palace has various towers and domes. The temples, Sajjangarh Biological park the project under the forest department of India was visited, various species of birds and animals including tigers, panthers, alligator, ostriches and other animals of the 21 species were present. Sujjangarh fort, Pichola lake, Botanical Gardens were visited.

After a whole night journey, we arrived at Jaipur on 31st January 2020. Jaipur, the pink city of India is a home to the magnificent fort and palaces of India. Jaipur the capital of Rajasthan is a heaven of calm set the oldest mountain range of India. It is Indeed the first planed city of India built in 1727 by Maharja Sawai Jaisingh - II. The whole city coloured in pink signifies the warmth and hospitality of Rajput culture.

For consecutive 2 days various spots were visited like Amber Fort, Hawa Mahel, Jal Mahal, Jaipur museum, Gardens and Shopping malls.

On 2nd February 2020 night we headed back to our home town by train with collection of lot of experiences, lovely pictures and lot of memories to share with the world.

The trip was excellent exposure for the students to understand & appreciate the language, culture, tradition and practices of another state. The students will forever cherish the memories of this tour.
