# Shree Shivaji Arts, Commerce & Science College, Rajura

## STUDENTS SATISFACTORY SURVEY REPORT

## (2021 -2022)

There is a formal mechanism in the college for collecting feedback from various stakeholders. We have developed On-line feedback system for Science, Commerce and Arts students. This mechanism is divided into three categories viz. as student's feedback, teacher's feedback and alumni feedback.

The college is always engaged in planning student centre activity every year for their academic upliftment, developing social responsibility and social awareness among the students. In order to achieve institutional Excellency, college take feedback from its all stakeholder like its faculty, alumni and most importantly from the students. As a part of these, the college yearly conducts satisfactory survey for all its stakeholders and always tries to solve their problems and difficulty by means of feedback collection and acting on suggestions. We have collected online feedback from our under graduate students. All **total 569 respondent** reply through their mail questioner which include different questions from academic, college facilities and faculties' background with more emphasis on teaching – learning process. Student feedback is based on two criteria's teaching and learning process and overall college functioning.

**Teaching and Learning Process –** This feedback covers teaching methodology, teachers attitude toward students, engagement of classes, review and completion of syllabus, class control, subject knowledge, developing interest and motivation and examination oriented preparation.

We have emphasized on teacher's innovativeness, use of ICT in teaching methodologies interactive teaching and student's involvement in learning.

**College Administration –** This feedback covers various aspects of the college including classroom, laboratory, canteen, girls common room, overall cleanliness, extracurricular and co-curricular activities, online competitive examination classes, student support services and evaluation of non-teaching staff.

**Library –** This feedback based on various aspects of the library including effectiveness and services provided by staff, circulation services, E-library, reprography, periodical, OPAC, MOPAC, E-journals, exam time book deposit services, question bank, availability of reference book, newspaper, E-resources and relevance.

Points are calculated according to the grades given by the students in various criteria. For grades five point scale used .The averages of various criteria are calculated graphically and analytically.

The strength and weakness mentioned by the students are summarized.

**Student's remarks / suggestions** about all academic and facilities concerned: Overall students found satisfied and happy with the institution role, duties, and responsibilities along with academic staffs. They fearlessly reported their responses and appreciated all the academic, curricular and extracurricular aspects.

However there are some suggestions from students which are mentioned below.

1) Reopen the canteen for students
2) Arrangement of more water filters.
3) Fulltime watchman on college gate.

**Teachers Feedback**: The College is affiliated to the Gondwana University Gadchiroli and follows the prescribed curriculum. We have received 16 teachers feedback and analysed. Teachers feedback is based upon carrier oriented, good academic flexibility, role in designing curriculum, opportunities for continuous development of staff & representation in the governing bodies of the college, use of ICT, support from college for carrier advancement scheme, encouragement and provide good facilities for research work.

**Alumni Feedback-** Alumni feedback is based upon the role of the college in the development of student personality and employability.

The analysis is reported to the IQAC and the Head of the institution for corrective measures and it is communicated for further improvement.

**Dr. C. M. Bhongade**
**In charge of feedback Committee**
