

# Shree Shivaji Arts, Commerce & Science College, Rajura

## Institutional Distinctiveness

### *Campaign on "Let's go for Higher Education"*

The foundation of Shree Shivaji Arts, Commerce and Science College was laid down by Late Prabhakarrao Mamulkar in the year 1984 under Adarsh Shikshan Prasarak Mandal, Rajura . This is the first institution of higher learning in this Rajura taluka of Chandrapur District of Maharashtra State. Since the area is tribal and naxal affected, the students of this area are not aware about education, learning skill, availability of jobs as they survive in traditional mode of rural life style.

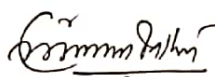

The institution has a uniquely conceived mission to provide education to all, thereby giving opportunities to acquire socio-economic status to the graduate and post graduate students of surrounding area. The main objective behind this campaign is to motivate the student to go for college education since dropout of secondary and higher secondary student is large in this area.

As everybody wishes to have good and comfortable life, school students particularly from low economy background dream for better life. To launch the campaign "Let's Go for Higher Education" the faculties of our college contacted few school managements and requested them to be a part of this campaign.

The faculties our college interacted with students Shivaji High School, Rajura, Shivaji High School Chunala, taluka Rajura, Balaji High School and Junior College, Bamani Taluka Ballarpur through personal visits. The faculties motivated them and made them to understand that higher education is only the key by which they can fulfill their dream and their family's dreams of better life.

Our faculties interacted with the student individually, guided them to select the stream and subjects as per their interest. Many students of these schools were inspired to work hard to achieve higher education in eminent institutions of the country.
